

## **The Museum at Bethel Woods: Museum Elements**

- **The Main Exhibit Gallery**, at 6,728 square feet, holds the permanent exhibit which includes 20 films, five interactive productions, 164 artifacts on display, more than 300 photographic murals, and dozens of interpretive text panels.
- **The Museum Theater** is a 1,786 square foot state-of-the-art facility featuring a 1080p high-definition video projection, multi-channel sound and stadium seating for 132 people. The screen is 22 ft. x 13 ft.
- A **Site Interpretive Walking Tour**, which is currently under development and expected to be available in 2009, will show the significant locations on the grounds, such as the original stage location and the monument commemorating the 1969 festival.
- **The Special Exhibit Gallery** is 4,626 square feet of additional space to showcase special exhibits from other museums, institutions, exhibitors, and collectors.
- **Classrooms** are located on the lower level. The two classrooms are outfitted with full AV projection.
- **The Museum Shop** is 1,252 square feet, featuring Museum-themed and branded specialty products.
- **The Events Gallery** is 4,340 square feet and will be used for educational purposes as well as meeting, reception and fundraising capabilities.
- **The Terrace Stage** is a 1,000 seat outdoor theater where talks or performances are held.
